 - education document
 - notarized translation of the education document
 - note on legalization of the education document (if necessary)
 - certificate of recognition of foreign education (if necessary)

Acceptance of documents begins on June 20 and ends:

The basis of learning	Full-time, part-time
Education free	August 15th
To places with tuition fees	August 28th

PRIORITY 2030⁺
LEADERS ARE MADE, NOT BORN

Ranks 2nd in the ranking of agricultural universities of the Russian Federation

VAVILOV UNIVERSITY

Master Degree

**POPULAR EDUCATIONAL PROGRAMS
HIGH DEMAND FOR GRADUATES
AN EFFECTIVE EMPLOYMENT SYSTEM**

Contact information:

**Institute of International Relations
Saratov, 4, Stolypina Ave., bld. 3, office 380.
tel.: +7 (8452) 26-25-24
e-mail: ims@vavilovsar.ru**

VAVILOV UNIVERSITY is:

- Diploma of an IT specialist
- Effective practice
- Modern laboratories
- Internships
- Electronic library with remote access
- Electronic educational environment
- Engineering Center
- Agro startups
- Research and development

The opportunity to get demanding profession and additional qualifications

- High demand for graduates
- An effective employment system
- The possibility of implementing projects on the basis of the university
- The possibility of employment at the university for the duration of study

Quality education

- Highly qualified teaching staff
- Modern educational technologies with an emphasis on the formation of practical skills
- Internship system at leading enterprises
- A unique laboratory and educational and methodological base
- The quality assurance system of the educational process
- Participation in grants and competitions
- Publications of scientific research results

Student support

- Guaranteed provision of a hostel
- Health monitoring
- Providing high-quality and affordable food
- A variety of social support measures

Students are from

40 foreign countries
70 regions of the Russian Federation

Vavilov University

Participant of the strategic academic leadership program "Priority 2030". Participant of the federal project "Professionalism". According to the results of the annual ranking of universities of the Ministry of Agriculture of Russia 2023, it tooks 2nd place.

In 2020-2023, more than 40 specialized centers and laboratories were opened with the world's leading partner enterprises

Byrankselmash, Rosagroleasing, TDM-electrician, Russian Light, Rosseti Volga, St. Petersburg Tractor Plant, Agrosoyuz market, World Machinery, Rosselkhoznadzor, Sovkhoz-Vesna, Veterinary Departments of the Government of the Saratov region, Rosreestr, PhosAgro, Rostselmash, Liliani, Minsk Tractor Plant, InfoBis and others.
